**Censorship (Opposing Viewpoints)** Andrea C. Nakaya

As U.S. society struggles to protect both its culture and its right to free speech, there is ongoing debate about whether censorship should ever be allowed. The authors in this anthology explore a number of facets of that debate, censorship on the Internet, censorship in relation to America's war on terrorism, whether free speech should be censored, and whether freedom in the United States is threatened by censorship. (20020801)
