Texas-based crime reporter Molly Cates has just published her first book, describing the blood-curdling exploits of serial killer Louie Bronk. Now on death row, Louie's sentence is about to be carried out. Molly will be there as a witness, and she wants to write about it--the final coda to Louie's story. But suddenly, she's being strongly discouraged by her boss at the *Lone Star Monthly* and by Charlie McFarland, the millionaire real estate developer whose first wife, Tiny, was Bronk's most famous victim--and the only one whose murder is a capital offense. Then Molly starts to receive dark hints that Louie may not have killed Tiny after all. There is another murder following Louis's M.O.--one he could not have committed. The veracity of Molly's book is threatened--and then her very life. Caught between a rock and a hard place, Molly realizes that by attempting to save Louis she is putting her own life on the line, and discrediting her own work. Mary Willis Walker brings a lusty new voice to the mystery scene. Already recognized for her first novel, she has now created a character just cheeky and gusty enough to take her place among the top ranks of female protagonists such as Kinsey Millhone and Kay Scarpetta.
