Desk Reference for Hematology, Second Edition (CRC Desk Reference Series)

Desk Reference for Hematology, Second Edition (CRC Desk Reference Series)

A cross between a dictionary and an encyclopedia, **Desk Reference for Hematology, Second Edition** presents a concise yet thorough examination of hematology and its relationship with other systems and disorders. The 1500 alphabetically listed articles provide quick and easy access to expert information, the 150 tables put precise data at your fingertips, and the 100 figures are a visual tool that clarify the text. The book also includes 500 references on state-of-the-art guidelines and recent developments.

See what's new in the Second Edition:

- Revised articles emphasizing genetics, physiology, pathological mechanisms
- Updated coverage of treatments for leukemia, lymphoma, coagulation, and thrombotic disorders
- Hundreds of completely new articles, new illustrations, and new explanatory diagrams as well as revised tables

Completely revised, this edition covers hematopoiesis, red blood cells, granulocytes, lymphocytes, platelets and hemostasis where the respective physiology is described anemias, leukemias, lymphomas, auto-immune disorders, hemorrhagic disorders, and thrombosis where etiology, pathogenesis, diagnosis and treatment is described. The book includes coverage of blood groups and the practice of blood component therapy. The editor pays particular attention to recent developments in hematological molecular genetics and leukemogenesis.

The information is cross-referenced with words highlighted in bold face within an article to indicate that further information on the subject is available under the emboldened heading. A separate table provides common abbreviations used widely throughout the text. Carefully designed for ease of use, the book provides speedy access to authoritative information on the scientific basis of blood disorders and their treatment.

That book will bring you in new era of the internationalization. You can read the e-book with your smart phone, so you can read it anywhere you want.

Kathleen Huckaby:

As a college student exactly feel bored in order to reading. If their teacher asked them to go to the library or even make summary for some guide, they are complained. Just minor students that has reading's heart and soul or real their interest. They just do what the professor want, like asked to go to the library. They go to generally there but nothing reading critically. Any students feel that studying is not important, boring as well as can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this era, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. So , this Desk Reference for Hematology, Second Edition (CRC Desk Reference Series) can make you experience more interested to read.
