**Presidential secret agent Lanny Budd is targeted by allies and enemies alike as the deadly tide of war rolls across Europe**

Europe, 1940. As war rages across the continent, America watches anxiously from the sidelines. And President Franklin Roosevelt has been keeping an even closer eye on developments in the Third Reich. At the president's personal request, Lanny Budd gained the confidence of the Nazi high command and began transmitting valuable information back to the White House.

Espionage is a dangerous game, however, and Presidential Agent 103 soon finds himself a target of the French Resistance fighters he is attempting to assist. On a trip to London, Lanny avoids death during a Luftwaffe bombing raid and takes part in the capture of Rudolf Hess. He gets stranded in Asia and is forced to make his way across war-torn China after the Japanese attack on Pearl Harbor finally brings the United States into the global melee. But Lanny's most important mission still lies before him: He must enter the lion's den alone and unprotected once more to unearth the Nazi Party's most deeply buried secret—the progress of Hitler's scientists in the race to build the atom bomb.

*A World to Win* is the electrifying seventh chapter of the Pulitzer Prize-winning series that brings the first half of the twentieth century to vivid life. An astonishing mix of history, adventure, and romance, the Lanny Budd Novels are a testament to the breathtaking scope of Upton Sinclair's vision and his singular talents as a storyteller.
