## The Timeline of Aviation (World History Timeline) Jim Winchester

Since the beginning of time, man has always dreamed of flying. Delve into the fascinating history of aviation in this innovative guide to more than a century of powered flight.

- *The Timeline of Aviation* explores the most significant moments in the history of flight, from early developments such as the legendary Wright Flyer, through the technological advances of two world wars, to modern-day marvels like the A-380 and stealth fighter jets.
- Presented chronologically, and featuring more than 300 photographs, including many color artworks and rare archival images, this innovative book presents an at-a-glance history of aviation, with a running timeline linking key developments of the era.
- Aviation buffs will love the 8-page double-sided timeline included at the back of the book. This cool poster profiles key events throughout aviation history in a unique graphic representation, with cut-out images and color keys under various themes and headings.
