Hand Stamped Metal Jewelry Christina Saragiotis

A practical guide on what to purchase and how to hand stamp metal jewelry. This is a short pamphlet type, how-to-book. It doesn't list any information you DON'T need. There is not much to hand stamping, but don't spend hours online trying to figure out what you need. You will end up purchasing tools and supplies you will find useless. I have purchased other books on hand stamping and most go above and beyond of what you really need. I created this book to be simple and to help you not waste your money. When I first got started I bought above and beyond what I needed, I have tools I don't even know what to do with. By investing in this book, you are saving yourself time and money. Inside the book you will get a list of materials needed to get started, different metals and what gauges to use, adding texture to your pieces, and there is a list of websites on where to purchase tools and supplies. You can also contact me with any questions you may have. Preview my work at www.christinasara.com or www.christinasara.etsy.com

Thomas Daniels:

Do you really one of the book lovers? If so, do you ever feeling doubt while you are in the book store? Make an effort to pick one book that you find out the inside because don't judge book by its handle may doesn't work here is difficult job because you are frightened that the inside maybe not seeing that fantastic as in the outside look likes. Maybe you answer might be Hand Stamped Metal Jewelry why because the wonderful cover that make you consider with regards to the content will not disappoint you actually. The inside or content is fantastic as the outside or maybe cover. Your reading 6th sense will directly assist you to pick up this book.

Lawrence Wilson:

As a college student exactly feel bored in order to reading. If their teacher inquired them to go to the library as well as to make summary for some guide, they are complained. Just small students that has reading's soul or real their pastime. They just do what the professor want, like asked to go to the library. They go to there but nothing reading really. Any students feel that examining is not important, boring and can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this time, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore , this Hand Stamped Metal Jewelry can make you sense more interested to read.
