## Optimization in Science and Engineering: In Honor of the 60th Birthday of Panos M. Pardalos

*Optimization in Science and Engineering* is dedicated in honor of the 60th birthday of Distinguished Professor Panos M. Pardalos. Pardalos's past and ongoing work has made a significant impact on several theoretical and applied areas in modern optimization. As tribute to the diversity of Dr. Pardalos's work in Optimization, this book comprises a collection of contributions from experts in various fields of this rich and diverse area of science.

Topics highlight recent developments and include:

- Deterministic global optimization
- Variational inequalities and equilibrium problems
- Approximation and complexity in numerical optimization
- Non-smooth optimization
- Statistical models and data mining
- Applications of optimization in medicine, energy systems, and complex network analysis

This volume will be of great interest to graduate students, researchers, and practitioners, in the fields of optimization and engineering.

### **From reader reviews:**

#### **Mark Copeland:**

In other case, little individuals like to read book Optimization in Science and Engineering: In Honor of the 60th Birthday of Panos M. Pardalos. You can choose the best book if you love reading a book. Provided that we know about how is important any book Optimization in Science and Engineering: In Honor of the 60th Birthday of Panos M. Pardalos. You can add understanding and of course you can around the world by just a book. Absolutely right, since from book you can learn everything! From your country till foreign or abroad you may be known. About simple matter until wonderful thing you can know that. In this era, you can open a book or perhaps searching by internet gadget. It is called e-book. You should use it when you feel bored stiff to go to the library. Let's go through.

#### **Ira Knudsen:**

Beside this particular Optimization in Science and Engineering: In Honor of the 60th Birthday of Panos M. Pardalos in your phone, it could give you a way to get closer to the new knowledge or info. The information and the knowledge you can got here is fresh in the oven so don't end up being worry if you feel like an previous people live in narrow community. It is good thing to have Optimization in Science and Engineering: In Honor of the 60th Birthday of Panos M. Pardalos because this book offers for your requirements readable information. Do you sometimes have book but you rarely get what it's all about. Oh come on, that would not happen if you have this in your hand. The Enjoyable option here cannot be questionable, like treasuring beautiful island. Use you still want to miss it? Find this book as well as read it from now!

#### **Tyler Smith:**

Is it anyone who having spare time and then spend it whole day simply by watching television programs or just resting on the bed? Do you need something new? This Optimization in Science and Engineering: In Honor of the 60th Birthday of Panos M. Pardalos can be the solution, oh how comes? It's a book you know. You are and so out of date, spending your free time by reading in this brand-new era is common not a nerd activity. So what these books have than the others?

#### **Keith Robertson:**

What is your hobby? Have you heard which question when you got scholars? We believe that that problem was given by teacher to their students. Many kinds of hobby, All people has different hobby. Therefore you know that little person such as reading or as looking at become their hobby. You have to know that reading is very important and also book as to be the point. Book is important thing to provide you knowledge, except your personal teacher or lecturer. You see good news or update with regards to something by book. Numerous books that can you decide to try be your object. One of them are these claims Optimization in Science and Engineering: In Honor of the 60th Birthday of Panos M. Pardalos.
