For each animal, readers will find stunning color photography, a brief history, and a detailed description. The identifying characteristics included for each breed are: class (standard and bantam); size (for cocks and hens); appearance of comb, wattles, and earlobes; color (everything from black-breasted red to silver laced); place of origin; conservation status; and special qualities (including longevity, size and quantity of eggs, quality of meat, and other relevant uses). Author Carol Ekarius provides enough information to satisfy both the dedicated browser and the serious farmer weighing the pros and cons of multiple breeds.
