The Emperor's Shadow War (The High King: A Tale of Alus Book 2) Donald Wigboldy

When Dante wakes up on a battle field among the dead of his fellow countrymen, he retraces the path of the dark army that appeared from nowhere. When the shadow army disappears once more, the soldier returns to his king and is soon sent on what will become an epic quest to stop the Dark Emperor, a being from another world using Alus to transport his armies unseen in his own world.

Meanwhile, the apprentice wizard Darius joins his own mission to seal the new portals appearing randomly and without warning. Word of monstrous armies terrorizing the innocent people of Alus has come to ears of the wizards of Aerwold, who are there to defend against such portals forming between worlds.

On two separate quests, the two men, one a soldier and one a wizard must find the strength and means to save their world before the Dark Emperor can destroy not only their world but the world of elves and dwarves.

Only the creatures of the Dark Emperor, elves, dwarves and dragon stand in the way of the two men and the salvation of both worlds. Can two men and their companions find a way to save two worlds from an undefeatable foe?
