"Alligators! An Alligator Kids Book: Fun Facts, Information & Pictures About Alligator Jaws, Teeth, Diet & More"

Written and published by B.A. Sims, "Alligators!" is a captivating nonfiction book filled with interesting information and richly colored photographs that look great on Kindles, iPads, laptops and other tablet devices.

Besides the great photography that Ms. Sims includes in her book, she also shares fascinating details about alligators, their traits and habits, their natural habitat and more. Readers will learn about their powerful jaws and razor sharp teeth -- all in a kid-friendly way -- as well as how baby alligators are cared for by their mothers. She also includes safety precautions to make sure kids are aware of the dangers of being around wild alligators.

The large and colorful pictures in the book are accompanied by short blocks of text that are very easy to read and understand, but also help expand young vocabularies. "Alligators!" reads at about a 6th or 7th grade level (per the Flesch-Kincaid Grade Level test), but is a great educational and discovery tool for kids of all ages. Even Mom and Dad may learn a thing or two!

"Alligators!" is available at the Amazon Kindle Store and can be easily downloaded by parents or young readers. Kids will have so much fun looking at the pictures and reading the interesting facts, they won't even realize they're learning. "Alligators!" will no doubt be a hit with your kids.
