An Introduction to the Bible (BibleWorld)

J. W. Rogerson

An Introduction to the Bible (BibleWorld) J. W. Rogerson

The Bible is one of the most influential and profound texts in human history - it is disturbing, unconventional, and never content with the world as it is. This classic introduction presents a concise and accessible guide to all aspects of biblical study: the nature and purpose of the Bible; how biblical writers wrote; the making of both Old and New Testaments; the making of the Apocrypha; what was left out and what kept in the Bible and why; and how the Bible has been shaped by and continues to shape religion, culture and politics. Completely revised and updated - and considerably extended with much more material on the making of the Old and New Testaments - this third edition takes full account of recent developments in scholarship. It includes maps and a glossary of key terms.
