Guess what, this isn't really designed to be colored in (which would require a complicated program). It's a joke book. Period. Let's face it, mom is unappreciated. She works and slaves for her family and they treat her like an appliance to serve them 24/7.

She is the undisputed, recognized leader of the family as she runs interference for every problem they can manufacture. She's a house cleaner, cook, driver, negotiator, entertainment director, worrier, and sex kitten. What does she get for all her work? A migraine.

So it's her turn to shine. She's come pretty far and deserves her very own coloring book. Now, since this is an electronic version, we highly recommend that you do NOT try to color it in on your Kindle device or computer. It would be very messy.

Just have some fun with it, after all it's only 99 cents. (You can't even buy a decent greeting card for a buck nowadays.)
