What is Creative Writing? Millions of people do it, but how do we do it, really? What evidence of its human undertaking does Creative Writing produce? How do we explore Creative Writing, as both an art form and a mode of communication? How do we come to understand Creative Writing, creatively and critically? Posing questions about the nature of Creative Writing, On Creative Writing asks us to consider what Creative Writing actually is, and in doing so encourages us to reflect on how our knowledge of Creative Writing can be increased. Emphasizing Creative Writing as an act and actions, On Creative Writing considers what lies at the core of the activity called Creative Writing.
