*The Road of the Innocents* is a literary thriller in the vein of John le Carré and Tana French, and maintains the same intensely drawn, captivating characters as a Stieg Larsson novel. The story takes us from Boston to Dubai, Washington, D.C. to Germany, and into the dizzying corridors of Asher Daniels' memories. When Asher encounters a charming and mysterious blonde woman who promises to help him find his children and aid his secret mission, his need for answers outweighs the risks. With everything to lose, Asher puts his life in her hands and the earnest would-be hero with good intentions slips into a fiery rabbit hole, deeper and deeper into a boiling cauldron of chaos he cannot fathom. *The Road of the Innocents* carries us from a place of bright hope to a possible tragedy that will affect the families we've come to know, the Nation, the core of government, and life as we know it.
