How would you feel if you discovered your eighteen-month-old daughter was not really your child?

Beth Carter is afraid Stevie may have inherited diabetes from her father, but the blood test comes back negative. She rejoices until she sees the hospital has apparently made a mistake in recording Stevie's blood type. A second test brings to light that Stevie cannot be her biological child. Where, then, is her baby?

Jonathan McDuff, at first, doesn't believe that his beloved baby, Lexie, isn't his birth daughter. Then he determines to have both children in his home. Since Mrs. Carter won't give Stevie up without a legal battle, he comes up with a plan. He'll give her the care of both children as long as they all remain under his roof.

An impossible situation, but with God's help, healing and love may win over heartbreak and loss. Babies switched at birth.
