In it you will find what we've learned (often the hard way) in eight years of full-time RVing, although all the information is valuable to part timers and weekenders as well. We provide over a hundred tested links to the websites of those experts we look up to. The advice we offer is based on our own experience. In 25 Chapters and 4 appendices, we take you from doing the initial homework, to choosing the right rig, to the buying process, where to camp, and way beyond. We discuss what you need to have in your rig and why. If you are interested in budgeting, communicating, boon docking or workamping, we discuss them at length along with many other topics. We wind it up with a chapter on our most memorable lessons learned. Yes, that includes the infamous black water dance.
