## **Goodbye Helter Skelter** George Stimson

In August of 1969 the spectacular Tate-LaBianca murders rocked Los Angeles, the country, and the world. But even more shocking than those murders was the story behind them: the story of a homicidal maniac named Charles Manson, how he turned the sons and daughters of middle-class America into a Family of murderous slaves, and an insane plan to achieve world domination by sparking a race war called Helter Skelter.

But what if it was just a story?

Here is the first realistic and reasonable examination of the Tate-LaBianca murders and the true reasons behind them. Based on years of research and exclusive information from Charles Manson and many of his former and present friends, Goodbye Helter Skelter presents the conclusions of a long-time Manson associate -- conclusions that will likely change what you think about Charles Manson, his so-called Family, and some of the most infamous murders in the history of American crime.

Goodbye Helter Skelter includes material taken from hundreds of hours of tape-recorded conversations with Charles Manson. Never before has Manson's point of view been presented in such a complete and coherent format.

416 pages, including over thirty pages of color photographs
