Stickers are an essential part of the street art movement. Inexpensive and easy to produce, they act as a kind of informal business card for some graffiti writers, and a quick and effective promotional tool for many artists and illustrators.

As more and more stickers are placed around major cities in the world, interest in the subject keeps growing.

This all new follow on from the original *Stickerbomb* book is filled with a brand-new collection of 280 specially-commissioned stickers by artists, illustrators, and graffiti writers from around the world, many of whom have not been featured in a publication before. It will appeal to a young market of designers, street artists, and illustrators, plus street art fans and anyone who collects stickers.
