The Fiber Optic Association CFOT Certification Class Notes: Study Guide To FOA Certification Jim Hayes

This is a set of class notes for students taking a course based on the FOA CFOT® Certification Curriculum. The FOA CFOT® Certification Curriculum provides a basic fiber optic course to students in a career-oriented program who are primarily interested in designing, installing and maintaining fiber optic networks. The course material is appropriate for incorporation in courses covering cabling infrastructure in a number of other disciplines, including telecommunications, electrical contracting, security, information technology or computer networking. These class notes provides copies of all the CFOT curriculum PowerPoint slide presentation with detailed explanations of their meaning and additional information pertinent to the slide.
