Shades of F. Scott Fitzgerald roam Princeton as lads and lasses walk the well-clipped paths between venerable university halls, while russet leaves flutter overhead from rows of sturdy trees. Visions of knights and their fair maidens come to mind as explorers wander around Lambert Castle, an 1892 sandstone and granite mansion that looms like a medieval fortress with rounded towers and turrets on a hillside below the cliffs of the Garret Mountain Reservation. For art lovers who like to stroll on lush lawns and enjoy the beauty around them, Grounds for Sculpture is the place to be seen in New Jersey. And, then there's always the 127 miles of beach along the state's east coast that make perfect day trips for swimming, boating, fishing, and other fun activities.

Now in a revised and expanded 12th edition, *New Jersey Day Trips* offers everyone a fascinating journey through hundreds of tourist attractions in all corners of the Garden State. Plus, this comprehensive resource explores the most popular points just beyond the state's borders. Patrick Sarver has updated most entries and added more than twenty new points of interest to an already extensive list of destinations, making this the most sought-after guidebook about New Jersey. Attractions can be located easily by subject category, letting travelers zero in on places that appeal to them. Entries include descriptions, hours of operation, location, price range, telephone numbers, and Web sites, making this best seller a one-stop source of discovery for day trippers of all ages--an ideal travel guide for adults or families who live in or plan to visit New Jersey..
