I wrote my first book “Christians Remember Your Past Lives-Learn How” over a period of six years. During those six years I must have read every historic document relating to religion, spirituality and man’s purpose on this planet. This implanted in my mind all kinds of meaningful messages. In writing this booklet, I attempted to take all this great meaning of life information and create simple one line messages. I really wanted to plant the seeds of thought, where you may look deep into yourself to answer this question. What kind of person am I? I recommend reading one message at a time and before moving on to the next line, take the time to truly feel the message. Each message will have a different meaning to different people. Some will have a profound effect on the way you look at your life. The ones that do, are the messages you were meant to hear.
