## **Pet Insurance Buyer's Guide - Everything a Dog and Cat Parent Needs to Know About Buying Pet Insurance (Pet Insurance Reviews Book 1)** Michael Considine Jr.

The worst nightmare for a pet parent is to find out from the Vet that your child needs a medical procedure that is going to cost thousands of dollars that you don't have. Being a pet parent you are going to figure out a way to save your pet no matter what it cost and what financial hardship it brings to your family for years to come while you pay for it... this is what we pet parents do!

There is another way, but it can be confusing... it's called pet insurance and millions of pet parents now carry insurance on their family pet. The confusing part is determining which pet insurance is best for your pet and your family's financial situation.

That is why I wrote the "Pet Insurance Buyer's Guide" to help pet parents with an unbiased evaluation on the top ten pet insurance companies. I do not recommend or try and sell you any particular brand of insurance... instead this book gives you a breakdown comparison of all ten companies by asking them each the same ten questions and then ranking their answers.

We also highlight the key points in each answer that helped determine the ranking and conclude with a chart that allows you to visually compare the ranking of each answer for each company.

This book and the chart within will help you select an insurance company that provides what is most important to you and more importantly gives you the protection you want for your pet at a price that fits into your family finances.

All pet insurance policies are not created equal, and you should be basing your decision, not on fancy websites with sales pitches, but on an unbiased comparison like you'll find in this book.

This book was written by a pet parent for pet parents and a portion of the profits from this book and all future books published by Sugar Run Nursery Publications will be donated to no-kill shelters, spay and neuter education and rescue groups so please help by buying this book now.

Please read this book and our other book "The Best Dog Foods to Buy - A Commercial Dog Food Buyer's Guide for Dog Parents" and come back and give us an honest review.
