"I love this book. I've had a book in the back of my mind forever, but just kept putting it off. I followed the author's instructions step by step and finally got this book written and published within 2 weeks. This book will be on my Kindle for PC forever.

I thought the best part was the section on how to research your topic. Now I know exactly what to do before I even consider putting pen to paper. There is more info here than I received from Kindle courses that I've paid a premium fee for.

I also keep the wonderful checklist the author so kindly provided on my desktop for easy daily reference. This way I can check my progress every day and see where I'm falling behind or when I'm slacking off.

I recommend this book to every would-be writer and every currently publishing author out there. Your productivity will definitely improve if you follow the author's guidelines. You really will find yourself writing fast, writing more and achieving success as an author and publisher."

## **I Loved The Simplicity**

"I loved the simplicity and the practical nature of this book. Having bought Kindle courses and programs from "gurus" I feel I am qualified to give a review. This book is a practical step by step guide how to write a non fiction book."
